Sanjel Celebrates One-Year Anniversary With More Than 4,500 Service Jobs Completed Safely And Successfully

JUNE 12, 2017 – [VIEW ISSUE \(/HEADLINES/2017-06-12\)](#)

[Sanjel Energy Services \(/company/sanjel-energy-services/\) Inc.](#) is celebrating its first year in operation with significant achievements, such as completing more than 4,500 service jobs for western Canadian oil and gas companies.

“We are extremely proud of reaching our first-year anniversary and the successes we have had so far,” said **Shane Hooker**, president and CEO of Sanjel, which is focused on providing primary and remedial cementing solutions as well as acidizing services throughout Canada.

“Despite commencing operations in a challenging environment, Sanjel Energy Services has successfully and safely completed all of its service jobs, while remaining profitable. I would like to thank our employees and clients for their contribution and support. Our company is poised for great opportunities ahead.”

Sanjel said it is continuously striving to improve well integrity by advancing its technologies and processes. To achieve these goals, the company has been collaborating with world-leading academics to reduce the risk and impact of cement failures by examining how and why cements can fail downhole.

In the last year alone, Sanjel has cemented over 200 wells in the heart of the Montney.

Sanjel said it is also positioning itself as an industry partner in the remediation and abandonment services with a dedicated approach to clients.

Sanjel Energy Services is an **ARC Financial Corp.** sponsored company, having received equity capital from ARC Energy Fund 8, a \$1.55-billion-dollar private equity fund.

“The successes that Sanjel Energy Services has accomplished in the past year is proof that the company is on track to hit their milestones and objectives,” said **Douglas Freel**, chairman of Sanjel and a managing director at ARC Financial. “We look forward to building on the strengths and successes of Sanjel Energy Services.”
